

COVID 19 NOTICE OF CONTINUATION OF FUEL REQUIREMENTS SUSPENSION

On March 27, 2020, the Environmental Protection Agency (EPA) issued a *May 1, 2020 Fuel Waiver Concerning Summer Gasoline* waiving certain federal fuel requirements.

On April 14, 2020, the Iowa Department of Agriculture and Land Stewardship (Department) issued a *Notice of Suspension of Fuel Requirements*, effective May 1, 2020 through May 20, 2020, in recognition of the extraordinary circumstances facing the state of Iowa from COVID-19.

Consistent with Governor Reynold's public health proclamations and action by EPA, the Department is attempting to provide further regulatory relief and mitigate the economic effects of business closings, supply chain disruptions, and social distancing standards necessary to protect the public's health.

To that end, the Department, hereby, continues the suspension of the ASTM Class [D-4] requirements and extends the ASTM Class [E-5] requirements for gasoline in the state of Iowa through May 31, 2020.

Mike Naig, Secretary
Iowa Department of Agriculture
and Land Stewardship

Dated: May 11, 2020
