

PESTICIDE BUREAU- LIST OF STATE REGISTERED PESTICIDES FOR USE AGAINST SARS-CoV-2

The Iowa Department of Agriculture & Land Stewardship pesticide program oversees safe and judicious use of pesticides in Iowa. The United States Environmental Protection Agency (EPA) recently released a list of disinfectants by EPA Product Number (primary registrant), sorted by EPA Product Number of the primary registrant, for use against SARS-CoV-2, the novel coronavirus that causes the disease COVID-19 - <https://www.epa.gov/pesticide-registration/list-n-disinfectants-use-against-sars-cov-2>.

The list below includes pesticide products with EPA registration numbers on List N dated 4/2/2020, that are currently registered for sale and distribution in the state of Iowa for years 2019* and 2020. This includes market and brand names in Iowa, covering primary and supplemental registrations. More information regarding viral pathogen claims is provided on the EPA website along with the EPA list N of disinfectants for use against SARS-CoV-2.

The Iowa Department of Agriculture & Land Stewardship (IDALS) does not make product-specific recommendations or endorsements. Inclusion on this list is based on IDALS cross-reference of EPA product registration numbers on List N and State of Iowa product registration status as of 4/3/2020. IDALS relies on EPA's determination of product efficacy.

* Products listed include those with state registration that expires of 12/31/2019 and 12/31/2020. This in compliance with the 3-month pesticide product renewal grace period in [IAC 45.3\(6\)](#).
