

IOWA DISPOSAL ASSISTANCE PROGRAM

OVERVIEW

The Iowa Department of Agriculture and Land Stewardship has launched a disposal assistance program to help pork producers who are unable to harvest pigs due to COVID-19 supply chain disruptions. The Iowa Disposal Assistance Program provides financial resources to help cover the cost of disposing of animals in an environmentally-sound way.

ELIGIBILITY

Producers must provide documentation, including proof of proper disposal, and an affidavit from their herd veterinarian confirming impending welfare issues, to receive funding.

PROGRAM DETAILS

- Pork producers who euthanized and properly disposed of market-ready hogs between June 23 and July 20, 2020, may be eligible to receive \$40 per market-ready hog (weighing at least 225). Approved applicants may receive funding for up to 30,000 animals.
- Pork producers who euthanized and properly disposed of pigs up to 25 pounds between May 1 and July 20, 2020, may receive up to \$4 per pig (up to 25 pounds). Approved applicants may receive funding for up to 200,000 animals.
- IDALS will not review the applications until all of the requested documents are received. Applicants will be informed of their approval/funding status within two days of the round's submission deadline (or as soon as all of the documentation is received.)

APPLICATION

To apply for the Iowa Disposal Assistance program, visit iowaagriculture.gov/idap. Questions about the program can be directed to (515) 281-5321 or IDAP@iowaagriculture.gov.
