***Eligibility for broodmare residency shall be achieved by meeting at least one of the following rules:

1. Thirty days' residency until the foal is inspected by a department inspector, if in foal to a Registered Iowa Stallion.
2. Thirty days' residency until the foal is inspected by a department inspector, for broodmares which are bred back to registered stallions.
3. Thoroughbred mares; Continuous residency from December 15 until the foal is inspected by a department inspector if the mare was bred by other than an Iowa registered stallion and which is not bred back to an Iowa registered stallion.
4. Quarter Horse and Standardbred mares; Continuous residency from January 31 until the foal is inspected by a department inspector if the mare was bred by other than an Iowa registered stallion and which is not bred back to an Iowa registered stallion.

The one-time broodmare registration will cover the mare her entire productive life as long as there is not a change of ownership (at which time a mare transfer form must be completed) and she meets the aforementioned eligibility rules.
