### PROPOSAL AND SCHEDULE OF PRICES

Proposal of \_\_\_\_\_  
(Name of Bidder)

Located at \_\_\_\_\_  
( )  
(Address) (Telephone Number)

Amount of Proposal Guarantee	Description of Work	Specified Completion Date	Liquidated Damages
10% of Base Bid	All Work Except Seeding	November 15, 2026	\$175.00 Per Day
	Seeding	December 15, 2026	\$125.00 Per Day

The undersigned hereby agrees, if awarded the contract, to execute the proposed contract and to furnish satisfactory Performance Bond in an amount not less than one hundred percent (100%) of the contract award within fourteen (14) days from the date when Notice-of-Award is received, and to provide all supervision, labor, materials, and equipment required to complete the project designated above, for the prices hereinafter set forth, in strict compliance with the Contract Documents prepared by the Division.

Further, the parties agree and acknowledge as follows:

- The amount of loss or damages likely to be incurred by Division are uncertain and said loss is incapable or very difficult to quantify and estimate;

- The amount specified for liquidated damages herein bear a reasonable relationship to, and are not plainly or grossly disproportionate to, the probable loss likely to be incurred by Division in connection with any delay on part of the Contractor;
- The amount of liquidated damages fixed herein bears a reasonable relationship to Division's anticipated losses and/or actual losses;
- The amount of liquidated damages herein fairly approximates Division's loss at the time of making of this Agreement;
- The amount of liquidated damages fixed herein are fair and reasonable and it approximates to the extent possible the actual loss to Division as a result of any delay on the part of Contractor; and
- Division and Contractor are sophisticated parties and negotiated this Agreement at arm's length.

Now therefore, in consideration of the mutual obligations set forth herein, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

- Contractor will commence the work after the Preconstruction Conference and by the Construction Start Date approved by Division in the Construction Progress Schedule.
- Contractor will complete the work within the specified time period identified in the contract, or as amended, or be responsible for liquidated damages per day as set forth in the above table.
- The liquidated damages may be withheld from payments made to the Contractor by the Division upon written notice that liquidated damages have begun to accrue, and such damages are in addition to other remedies available as provided for in this contract and applicable law.

A Proposal Guarantee in the amount stipulated herein is included with this proposal, to be forfeited to the Division, if the undersigned fails or refuses to execute the contract and furnish satisfactory Performance Bond, if awarded the contract.

CAR853313A COUNTY WETLAND PROJECT  
CAR853313A - BID NO. 25-13  
PREBID MEETING  
September 23, 2025 - 12:30 PM

Tracy Bruun, Division of Soil Conservation and Water Quality (Division) opened the meeting.

**A) Introductions**

1. Sara Smith, Engineer with Division
2. JEO, Juan Arellanes
3. Others: See sign-in sheet

**Note:** This project was reviewed with the 3 contractors present at the morning meeting 25-12: Jess Hausman, Adam Vonnahme, & John Healy. No contractors showed up at the scheduled time.

4. There are eight projects being bid at this time, including this one, three in Kossuth County, two in Calhoun (1 contract) and one in Carroll Counties. (Floyd, Mahaska, & Greene)
5. This wetland project is part of the Water Quality Initiative that is being used to help implement the Iowa Nutrient Reduction Strategy

**B) Bidding**

**1. Time of Completion:**

C) The final date for completion of all work except for seeding is set for **November 15, 2026**

D) The final date for completion of seeding is **December 15, 2026**

**1. Liquidated Damages:**

There are liquidated damages provisions on this project. These damages reflect additional administrative, design, and inspection costs, as well as continued costs to the natural environment. If *all work except for seeding* is not completed by November 15, 2026 absent a No-Fault Extension, the Contractor may be assessed damages in the amount of **\$175 per day**. If the *seeding* is not subsequently completed by December 15, 2026 absent a No-Fault Extension, the Contractor may be assessed damages in the amount of **\$125 per day**.

**2. Taxes:**

Since this is state contract, there is no sales tax for materials purchased. We will be providing a tax exemption certificate to the awarded contractor as indicated in the last page of the appendix of construction contract documents. This should be considered when determining the unit prices submitted in the bid.

**3. Measurement and Payment:**

The specifications describing the work to be accomplished under each particular work item, also describe the method to be used in measuring and calculating the payment quantities for each work item set forth in the proposal. Payments will be made on the basis of monthly estimates in amounts equal to ninety-seven percent (97%) of the value of work completed. Mobilization will be paid at a percentage of the lump sum bid amount for this item equal to the overall percent

complete of the project (less retainage). In preparing monthly estimates, advancement will be made therein for ninety-seven percent (97%) of the cost of materials stored on site.

**4. Method of Bidding:**

This is a unit price contract and bidders shall submit unit price bids as required for the work items covered by the specifications. Prices shall cover complete work and include all costs incidental thereto unless otherwise indicated. The base bid includes all items 1 through 29 (crop damages). A separate Document CC was provided with the bid package that is to be used for submitting the bid.

Any questions that should be considered as part of an addendum must be submitted to us by **September 30, 2025 by 3:00 PM**. The Division will make every attempt to issue any necessary addenda no later than the day after the last date for questions. If an addendum is sent, please make sure to note on Page CC-2 that you have received and acknowledged the addendum.

If work is added to the contract by the Division after the contract execution which is not covered by a bid price set forth in the Proposal and Schedule of Prices (*Document CC*), a Change Order or Contract Amendment will be issued as required. If the additional work requires an extension of the contract completion date(s), a Contract Amendment will be issued.

**5. Submission of Bids and Bid Security:**

Bids must be submitted on the 'Items' page within IMPACS and shall include a bid bond in the amount of ten percent (10%) within the 'Prerequisites' page on this IMPACS post as well as the Proposal and Schedule of Prices (*Document CC* pages 1-3) that must be signed by a legally authorized representative of the Bidder and notarized. All issued addendum shall be acknowledged as received by the Bidder. Do not submit Plans or Specifications with the bid. If this form is not accurately completed, this shall prevent the reading of that Bidder's bid.

Wednesday, October 8, 2025, all bids are due via IMPACS no later than 3:00 PM. All Water Resources wetland bids closing that day will be opened beginning at 3:00 PM. To hear the bids read aloud dial in by phone +1 469-998-7627, 38684452#. Bid readings will begin at approximately 3:15PM

Bids may NOT be mailed nor hand delivered.

**6. Evaluation of bids and award of Construction Contract:**

**This Carroll** County Nutrient Reduction Wetland Project shall be awarded to the lowest responsible responsive bidder as determined by the Division. In evaluating the bids, the Division may consider such factors as alternates, bid price, experience, contracts in default, responsibility of the Bidder, and similar factors in determining which bid it deems to be in the best interest of the Division for the project. In comparing bid prices, the total bids of the various Bidders shall be determined by applying the unit prices bid for each work item against the estimated work item quantities set forth in the *Proposal and Schedule of Prices (Document CC)*.

Bid tabulations for this **Carroll** County Nutrient Reduction Wetland Project will be prepared the week following the Bid Opening and distributed to all Bidders. Other plan holders or interested parties must request bid tabulations.

**7. Bidder's Qualifications:**

All Bidders shall meet the following qualifications:

1. Contractors are required to be registered with the Iowa Division of Labor.
2. Bidders shall, upon request of the Division, submit a statement of Bidder's qualifications including experience, any contracts that are in default, available equipment, personnel, and financial ability to perform the work as outlined in Section 2 of Document BB.

**8. Execution of Contract:**

1. The party to whom this Carroll County Nutrient Reduction Wetland Project is awarded shall be required to:
  - ✓ execute the Contract;
  - ✓ obtain the appropriate insurance coverage and Performance/Payment Bond;
  - ✓ provide their Iowa Division of Labor Public Registration Number;
  - ✓ and submit the Construction Progress Schedule (Document JJ)within fourteen (14) calendar days from the date of receipt of the Notice-of-Award. In case of failure of the Bidder to execute the Contract, the Division may, at its option, consider the Bidder in default, in which case the bid security accompanying the bid shall become the property of the Division.
2. The Division, within fourteen (14) days of receipt of an acceptable and properly executed Performance/Payment Bond, certification of acceptable insurance coverage, and properly executed Contract; shall sign the Contract and return to such party an executed copy of the Contract. Should the Division not execute the Contract within such period, the Contractor may, by submitting written notice, withdraw the signed Contract. Such notice of withdrawal shall be effective upon receipt of the notice.
3. The Notice-to-Proceed shall be issued within five (5) days of the execution of the Contract by the Division, provided that the Construction Progress Schedule has been accepted by the Division. Should there be additional time required to make adjustments to the Construction Progress Schedule, the time to issue the Notice-to-Proceed may be extended to allow for this. If the Notice-to-Proceed has not been issued within a thirty (30) day period, or within a greater period mutually agreed upon, the Contractor may terminate the Contract without further liability on the part of either party.

**9. Questions and Addenda:**

Questions concerning interpretation or intent of the Plans and Construction Specifications should be directed to Juan Arellanes: [jarellanes@jeo.com](mailto:jarellanes@jeo.com) with JEO and must copy Tracy Bruun: [tracy.bruun@iowaagriculture.gov](mailto:tracy.bruun@iowaagriculture.gov) with the Division. All other questions concerning the Contract Documents should be addressed to Tracy Bruun, Division: 515 344-6279 or [tracy.bruun@iowaagriculture.gov](mailto:tracy.bruun@iowaagriculture.gov).

Any oral interpretations given shall be valid only if confirmed by written addendum. All interpretation requests should be addressed in writing and received no later than 3:00 PM September, 30 2025.

The Division reserves the right to revise or amend the Contract Documents prior to the date set forth for receipt of bids. Such revisions and amendments, if any, shall be announced by an addendum or addenda to the Contract Documents. Copies of such addenda, as may be issued, shall be furnished to all plan holders. Bidders are required to acknowledge receipt of any addenda by listing such addenda in the Proposal and Schedule of Prices (Document CC).

**E) Engineer's Discussion:**

- A) No contractors present during meeting.
  - 1. The three contractors from the earlier prebid for Cal8883301A & Cal 883220A confirmed that they would not attend this meeting but were interested in bidding on it.
- B) Open discussion with project landowner representative. Key discussion points:
  - 1. Primary site access is as established on the plans through the NW property
  - 2. Removed trees may be stockpiled on site outside the pool area. Landowner has an existing tree debris pile on site.
  - 3. There will be an additional pre-construction meeting on site with the contractor where additional details will be discussed prior to the start of construction.
  - 4. Bid opening on Oct 8<sup>th</sup> with contracting expected to take about a month. After which the contractor may proceed with the project and has until the contract final completion date.
  - 5. Contractor will be selected based on the lowest qualified bid. Lowest bidder will be selected based on total bid price and the IDALS engineer will then approve or deny the contract based on the assessment of qualifications as outlined in the agenda (schedule, available personnel, equipment, projects in default, etc.)
